Brillux
COLOR DIAMOND

01 Unpack and charge
- Fully charge the Color Diamond on your PC or any USB charger in approx. 180 minutes.

02 Install the Brillux App
- Install the current Brillux App for Android or iOS on your tablet or smartphone. **www.brillux.com/app-install**

03 Connect the Color Diamond
- Activate Bluetooth, open the Brillux app and select **"Color shade scanner"** in the module.

04 Use
- Once the connection is shown in the Brillux App, you can start the measurement by placing the scanner flat against a surface. Alternatively, you can press the Scan button in the app.

Is my device compatible with the Color Diamond?

The Color Diamond is compatible with iOS and Android with Bluetooth 4.0.

Can I connect several devices?

The Color Diamond cannot connect to several devices at once.
Before connecting to another device, disconnect the Color Diamond in the app.

Can I use the device while it is charging?

No, charge the Color Diamond before use.

If the Color Diamond fails to connect, how can I still connect to the app?

There is a small opening above the USB port. Use a paperclip to carefully press the reset button.
